

Rediscovering Discipleship
Thinking through the Scriptures
Psalm 1:1-5

Language reflects culture. When a missionary goes to another country, the way he learns the customs and cultures is through the language. While we do not need to learn the original languages of Scripture to know its message, we can become more passionate about reading God's Word if we learn to think like a Hebrew.

Every culture is in the process of sliding away from the truth of God's Word. We pray for revival that brings fresh starts to investing in and prioritizing God's Word. As followers of Jesus, if we want to rediscover discipleship, we must be intentional about rediscovering a passion for reading, memorizing, and understanding the Word of God.
