

Victory: A Saved and Sanctified Life
Victorious Faith
Hebrews 11:1-6

A quick search in a thesaurus provides the following words as synonyms for faith: confidence, assurance, trust, reliance, conviction, and belief. It actually takes a combination of all of these words to adequately define faith, which is why we have such a hard time defining it. Our Bible provides example after example of faith. It speaks of the importance of faith and it tells us of the great things that happen through faith. But even the Bible devotes only one verse out of its thousands to define faith. Why does a definition of faith seem so elusive?

My _____ in God makes me victorious.

1. Faith leads us to _____ and _____ on God.

2. Faith leads us to _____ of God.

3. Faith leads us to _____ and _____ by God.

A victorious faith in God lives before God. We must live in a way that recognizes God with us. Faith is trusting God, depending upon God, believing God, seeking God, conversing with God, sharing with God, and enjoying fellowship with God. It seeks His approval in all matters. It responds to His chastening. It allows us the chance to live in prayer and devotion before God so that we might receive what we hope for—what we desire most—life forever with Him.
