

Living a Godly Life in an Ungodly World
Remember God's Faithfulness
2 Chronicles 16:1-13

We all have or have had those moments when we feel lost. We have to endure difficult times and we become anxious because of the uncertainty of the outcome. We pray and search the Scriptures hoping that the will of God will just jump out at us. In those moments, when we feel like God is far away, we have to remember God's faithfulness.

The God who guided you in the _____
will guide you _____ and in the _____.

1. God seeks people who _____ Him above all others.
2. God seeks people who _____ what He has done.
3. God seeks people who are _____ devoted to Him.

We don't like to be told that we have crossed some line with God. We need to remember that the gospel makes it possible for us to see where we have crossed the line. God, in His kindness, will use both His Word and His people to call us to repentance. He will help us remember who He is and what He has done. God will certainly guide those who look to Him.
